

Tube Installation Tools

Tube Guide

■ 튜브가이드는 철, 알루미늄, 플라스틱으로 만든 고깔모양의 헤드와 나일론 브러쉬로 이루어져 있습니다. 번들 작업시 튜브시트에 튜브를 삽입할 때에 용이 합니다.

■ The Tube guide consist of a steel or aluminium or plastic tapered head and an replaceable nylon brush, and it is to guide tubes through the sheets and the tube support plates during tube bundles assembling. The nylon brush fits in the tube end, holding pilot firmly in place.

Model No.	Tube O.D.		Thickness		A (mm)	B (mm)	C (mm)	L (mm)
	mm	inch	mm	inch				
Ø25.4XT0.8	25.4	1	0.80	21	25.4	23.7	25	205
